

Funding Programme/Mechanism of the Brazilian Organisation EMBRAPII

Aim of Programme

> To promote the collaboration among Brazilian and European industries in R&D projects

Funding Conditions

EMBRAPII's model of funding is the following:

Responsible	Contribution
EMBRAPII	Maximum of 1/3 of Brazilian project costs
Brazilian Companies	At least 1/3 of Brazilian project costs
EMBRAPII Research Units	The remaining Brazilian project costs, up to 1/3 of the total

Requirements

► The Brazilian companies need to be registered with CNPJ and industrial CNAE number and also participate with at least 1/3 of the total funding of the project to be developed. The R&D project must be within 3 to 6 TRL (Technology Readiness Levels).

Remarks

> The companies can be of all sides and must be fully operative in Brazil.

EMBRAPII – The Brazilian Agency for Industrial Research and Innovation (Empresa Brasileira de Pesquisa e Inovação Industrial)
